Interior Office Solutions

NEW

HERC-DOOR®

U.S. Patent Nos. 11,060,341 and 11,187,323

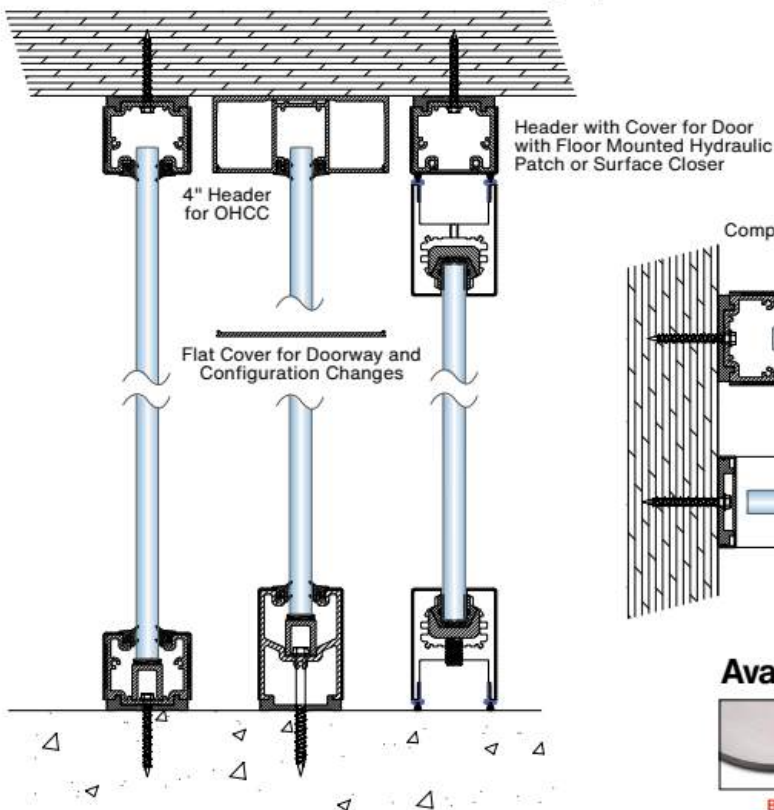

- Mounting Track Accepts All Advance System Door and Sidelite Rail Sizes
- Mounting Track Can Receive a Matching Cover That Produces a True Surface at Vertical Wall for Frameless Glass Sidelites to Abut, and to Create Doorway Jambes. Also, Can Be Applied to Conceal the Mounting Track When the Wall System is Demounted
- 4" Wide Header Option Accommodates Overhead Concealed Door Closers
- Compensating Glass Receiving Channels Can Be Used at the Floor, Head and Walls. The Channel's Spacious Interior Allows for Variations in Glass and Opening Sizes
- Compensating Doorway Jambes Have Integrated Door Pivots at Both Top and Bottom
- Vertical Door Stile Option When Reduced Sound Transmission for Privacy is Required
- Compatible with FHC Sliding Door Systems to Conserve Floor Space

FHC provides new and innovative hardware solutions for permanent glazed interior partitions, demountable and reconfigurable glazed interior partitions, aluminum doors installed in glazed partitions along with all-glass doors installed in glazed partitions.

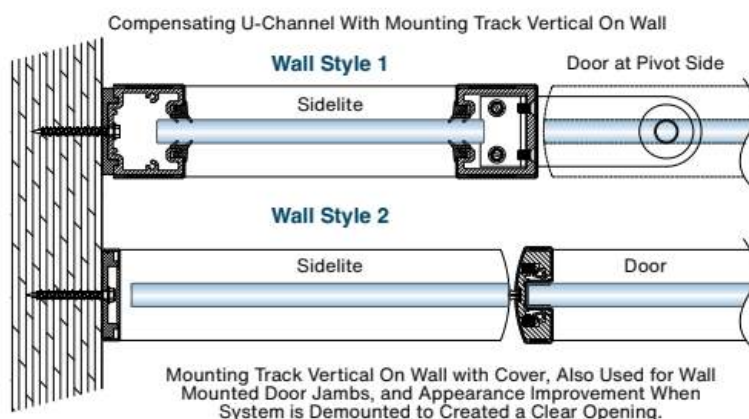

Many of the products offered in this catalog can be mixed and matched to create unobstructed visual spaces that maximize light and views while offering a contemporary and modern appearance and assist with tax implications of demountable partitions now being considered by architects, engineers, interior designers, and business owners.

Architects, engineers, and designers can also utilize our modular components or as individual partition systems to fulfill both Division 8 and Division 10 requirements.
